RECLINER CHAIR

With a robust design profile and solid construction the Nicole delivers a calm authority, making it ideal for both office and home environments. The full ergonomic support in particular is a great asset for extended stays and a careful attention to detail has produced a unique headrest and solid, enveloping armrests. The base can be uncovered, with a stained plywood finish, although generally a fabric or leather cover is used to complete the look.

| DIMENSIONS | CM |
|----------------|-----|
| Total height | 106 |
| Seat height | 47 |
| Total width | 76 |
| Between arms | 54 |
| Depth upright | 80 |
