LOUNGE SUITE

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

While you might not be able to have the best of everything, try and have the best of something! The Ohau is a timeless style designed for optimum relaxation and enjoyment.

Ohau provides full head and shoulder support, with a shallower seat depth that won't leave shorter people "high and dry".

Recliner chair comes standard with flush arm mounted release lever but can have an optional "handle lever" fitted - as shown above.

More compact than some, the Ohau recliner chair and settee incorporates high-back seating comfort with a narrower arm width.

Our recliner chair has a full spring assisted footrest and reclining action, with lumbar support for superb comfort. The inside back cushions are fully detachable for easy access to adjust fibre fill for maximum comfort. The Ohau chair is available as a fixed chair with an optional swivel unit and a recliner with the space saving 'wall away' action.
