CHAIR

The Mercedes is available in a range of durable and non-permeable coverings. Shown here in leather with heavy duty castors.

All KOVACS products are constructed from the highest quality New Zealand timbers, the best available componentry, superior cushioning materials and premium quality leathers and fabrics. When you choose KOVACS you are investing in lasting good looks, comfort and durability, brought together with world-class design.

Mercedes is designed for exceptional comfort with extra support for neck, shoulder and back. The chairs are available in four standard versions - a recliner, motorised recliner, **3D Motion** mechanism that rocks, swivels and reclines and motorised **Ezi-out** recliner - with a variety of features and options to customise the level of comfort you require.

Motorised **Ezi-out** recliners include swivel castors (rear braked) and hand wand as standard

The cushioning material has been enhanced in key areas. Extra high density seat foam, with moulded body foam on top with the upright non-sagging back including extra lumbar support. A high back and optional adjustable headrest provide the ultimate in comfort fine tuning.

DIMENSIONS (CM)	W	D	H	SH
Recliner*	78	95	104	49
Recliner - motorised*	78	95	104	50
Recliner - 3D motion	78	95	104	50
Recliner - Ezi-out	78	95	104	53

SH = Seat height.

* Swivel castor and heavy duty castor options add 25mm to seat height

An adjustable head-rest is available as an option on all Mercedes recliners

The hand wand is standard on motorised recliners with an optional pocket for 'easy find' storage - alternatively motorised recliners can be fitted with an inside arm mounted switch

A swivel meal tray is available in two material options - HDPE (food grade high density polyethalene) and Melamine - it is not recommended for use on the 3D motion recliner

Optional heavy duty rubber and steel castors with rear brakes

Recliner and 3D Motion chairs are activated by a tasteful flush-mounted release lever
